

SAFETANK PROGRAM

Financial Assistance For Residential On-Premise-Use Fuel Oil Facility Tank Upgrade Application Oil Remediation & Compliance Bureau

RSA 146-D:6, III.

Owners of on-premise-use heating oil facilities, who demonstrate financial need, may apply for reimbursement of costs to meet the requirements of RSA 146-D:6, III in amounts not to exceed **\$2,250**. Reimbursement may be to the owner, or to the contractor, after inspection of the completed work and a review of itemized invoices to verify the work was; (1) completed in a satisfactory manner, and (2) the costs are appropriate.

To qualify for the program, the owner shall meet the definition of “low-income” by U.S. Department of Housing and Urban Development. “Low-income” is defined as 80% of the area Median income (Income criteria is provided on the last page of this application).

Providing documentation of total household income is required and is described in more detail below. Additional qualifying requirements are addressed by answering the following questions.

Be advised that applications must be processed and approval obtained from New Hampshire Department of Environmental Services (NHDES) **prior** to any work being performed, to qualify for reimbursement.

If you have any questions regarding this program or this application, please contact the OPUF Release Prevention Coordinator at (603) 271-3577.

****IMPORTANT:** Answer all four of the following questions to determine if you should submit this application.**

1. Do you, as the applicant, own or are you an owner of the subject dwelling and tank system? If “Yes,” go on to the next question. If “No,” you do not qualify. Yes ___ No ___

2. Is the subject location your primary residence, and is it a single-family home, a duplex, a manufactured home, a farm, or a property where you also operate a small business? If “Yes,” go on to the next question. If “No,” you do not qualify. Yes ___ No ___

3. Do you hold title to, or have an interest in, any *income-producing property*, other than your primary residence, including but not limited to, stocks or real property held either individually, or through a business, trust, or other related entity? If “No,” go on to the next question. If “Yes,” you do not qualify. Yes ___ No ___

4. Is the Total Household Annual Income *at or below* the income criteria listed on the chart included in this application for the town, city, or county of residence, based on Household Size? [*Total Household Income* includes **the income for all occupants** of the household other than tenants. *Household Size* is the total number of occupants other than tenants. All **income includes taxed and non-taxed income** typically declared for federal income tax purposes, even if no federal tax returns are filed. However, note that if the owner generates any income from property other than the Primary residence, (see Question 2.) he/she cannot qualify.] If “Yes,” complete the application. If “No,” you do not qualify. Yes ___ No ___

THIRD PARTY VERIFICATION

****to be completed by contractor or oil company technician****

Verification as to the condition of the existing fuel oil facility before this application is approved is required. Your oil company or an independent plumbing and heating contractor can provide this verification. That person shall complete the checklist along with any relevant comments associated with the condition of the tank.

Fuel Oil Facility Condition Checklist	Yes	No
Is there evidence that the tank or any portion of the facility is presently leaking?		
Are the tank legs unstable, tilting or on an uneven foundation?		
Is the tank resting on or in contact with the ground?		
Are there visible signs of rust, weeps, wet spots, or dents on the tank surface?		
Are there any drips or signs of leakage around the oil filter or valves?		
Is the fuel line underground or through concrete without being encased in a non-metallic sleeve?		
Is the tank located outside where it can be damaged by falling ice or snow from the roof?		
Are there signs of the vent pipe being clogged with ice, snow, or insect nests?		
Is the overfill vent whistle missing or obstructed and silent when the tank is being filled?		
Are there any signs of spills around the fill pipe or from the area of the vent pipe?		
Is the tank sight gauge missing, cracked, stuck or frozen? Is there oil or staining on the top of the tank?		
Is the existing tank located: (check all that apply) Indoors? _____ On a concrete floor? _____ On a dirt floor? _____ Outdoors? _____ On concrete pad? _____ On concrete blocks? _____ Resting on the ground? _____ Partially buried? _____ Fully underground? _____ Other? (such as in shed or out building) _____		

IMPORTANT!! Contractor - Provide a brief narrative describing the condition of the existing tank system.

Contractor: Provide an **itemized** estimate that describes the work necessary to bring this facility into compliance with NFPA 31 and the "New Hampshire Department of Environmental Services (NHDES) "Best Management Practices" for On-Premise-Use Facility Installations and Upgrades." Use the space provided below or provide an itemized description of the work to be performed on a separate sheet and submit it with this application. Please be sure to include the owner's name and address if a separate estimate sheet is to be used. Reimbursement (not to exceed \$2,250) shall be provided based on fair market rates, receipt of an itemized invoice and following a post-installation inspection by NHDES. Additionally, reimbursement of residential underground storage tank closure costs in amounts not to exceed a total of \$2,500 is available upon approval.

Itemized Proposal and Cost Estimate

Provide a detailed and itemized proposal in the space below or on your own letterhead. Failure to provide sufficient information and detail will result in a substantial delay in the approval process.
